

February 23, 2021 Council Meeting Highlights

The meeting was Called to Order at 3:00 p.m. on February 23, 2021 by Mayor Nancy Schneider. The minutes from January 26, 2021 were adopted with one revision, to remove attendance “virtually”.

The 2021 Council and Representative Committee List was approved as revised. Councillor Stuart Gammell is the second appointed representative to the St. Walburg and District Recreation Board. The Town of St. Walburg will be paying the St. Walburg and District Recreation Board Insurance Premium for 2021, as the Communiplex is a Town owned facility. With COVID-19 still prominent in our province, the Town Council has reviewed the situation with regard to service provision and cost implications.

Policy 100-02 Appointments to Authorities, Boards, Commissions and Committees was passed unanimously. This policy will be added to the Town of St. Walburg manual. A Standards of Practice for Policy 100-02 was passed as well.

The Water Treatment Plant Advisory Committee recommendations to the Town Council were passed. In the spring, the Town will be completing the replacement of two (2) service pumps and the installation of a 6” water distribution meter. More details will follow, as the information becomes available.

Town Council reviewed the 2020 Draft Financial Statement as provided by Pinnacle Business Solutions. The document was approved. Town residents will be receiving additional information in the coming months.

Town Council adopted 2021-2024 Strategic Plan and Priorities, Cross Functional Leadership Model, and updated Vision, Mission, and Guiding Principles.

Bylaw 2021-02 to amend Bylaw 2019-14 Respecting the Signing Corridor received first reading. The amendment includes exemptions to Businesses who are in good standing with the St. Walburg Chamber of Commerce.

Mayor Nancy Schneider and CAO Shiloh Bronken were authorized to sign all required documentation as provided by the Rural Municipality of Frenchman Butte No. 501 for the widening of the road allowance adjacent to municipal lands SW 03-54-22 W3.

The next Regular Scheduled Council meeting is at 3:00 p.m. on March 31, 2021. Any resident who wishes to join the Council meeting is encouraged to contact the Town Office at (306) 248-3232 for more details on how to participate.

Our Town Crew goes above and beyond by volunteering their time on weekends to ensure the outdoor rink is in tiptop shape. If you would like to help out by clearing snow on the rink, a shovel is provided. We appreciate all who have helped and any help going forward.

This winter with so many activities being cancelled due to Covid-19, the outdoor rink is more important than ever.

Please remove the nets off the ice when finished, as they tend to freeze down.

CHECK EXHAUST VENTS

Vent blockage is a common cold-climate problem. Your plumbing vent stack can freeze up in extremely cold weather, letting harmful sewer gases build up in your home.

The hydrogen sulfide in sewer gas is what gives it its signature rotten egg smell.

Sewer gas is not necessarily toxic at low levels. However, chronic exposure, or higher levels of exposure, can cause symptoms of sewer gas poisoning.

If you believe there's a sewer gas leak in your home, get in touch with a plumber as soon as possible.
