TOWN OF ST. WALBURG
BYLAW NO. 15-2000

A BYLAW TO PROVIDE POLICY FOR BIO-VENTING OF PETROLEUM
CONTAMINATED SOILS.

1. The Council of the Town of St. Walburg, in the Province of Saskatchewan, in open meeting, enacts as follows:
2. That the town will provide for and designate an area at the St. Walburg's landfill site, or other specified site, for the bio-venting of petroleum contaminated soils.
3. That the following provisions and payments will have to be agreed to and met before delivery of petroleum contaminated soils to site:

- a) Owner, prior to delivery of contaminated soil, shall submit an initial clearance from Saskatchewan Environment and Resource Management verifying that the soil is suitable for bio-venting.

Owner shall submit a copy of transportation of hazardous goods manifest and estimate of total volume of petroleum contaminated soil to be delivered.

- b) Rates for the processing of contaminated soils, including costs of all testing required:

- i) Tipping, farming & testing fee:

- a) soil from property within the municipality:

- \$5.00 per cubic yard plus gst

- b) soil from outside municipality:

- \$8.00 per cubic yard plus gst

- c) The total cost of estimated cubic yards of contaminated soil to be processed to be deposited with the Town prior to any delivery of contaminated materials to town's landfill site, or other specified site. A final payment to be made on actual versus anticipated volume of contaminated delivery to site as soon as calculated.

- d) The owner of the petroleum contaminated soil is responsible for all costs of delivery and spreading of contaminated soil in designated area.

- e) Owner is to give the town's administration at least one week's notice of delivery of petroleum contaminated soils to landfill, or other specified site, in order for site to be prepared.

4. Soil delivered and farmed will become property of the town.

5. This bylaw shall come into force and take effect from and after the day of final passing thereof.
