Land Purchase

Mayor and Council have good news to share with you! As part of our strategic plan to help St. Walburg continue to develop and grow, we have purchased a quarter section of land from Grant Schlekewy for future development. This will expand our Town boundaries, as the land borders our municipal land. The location is just south of the golf course on Highway 26, SW 33-53-22-3.

Bringing much sought-after highway frontage into Town limits will allow for commercial development along the highway, with plenty of land left for residential and other development. Council plans to host a Town meeting with our residents to discuss ideas and the future potential of this property. This meeting, one of a series of Town meetings, will be held by early autumn, so watch our newsletter and announcements for more details.

With this purchase and considering the costs of developing our lands, Council has decided to sell the quarter section of land located east of Town. This land was purchased by a prior Council in 2012 with the intent to build a new lagoon. The course of business changed when the Government of Saskatchewan funded a tri-party lagoon for the Town of St. Walburg, Village of Paradise Hill, and RM of Frenchman Butte 501, which became operational in 2019.

To assist with selling the quarter section, which we plan to list late this spring, we have engaged realtor Vern McClelland. The sale will use the progressive tender model, and the request for tenders will be well advertised in the local paper and the Western Producer.

Council Meeting Highlights - March 22, 2023

Attendees: Mayor Nancy Schneider (Chair), Deputy Mayor Dawn McKellar, Councillors Stuart Gammell, Kim Gardner, Jean Steinacher, and Virginia Mowery; Council Delegate Don Nicholson
